PVCu & Aluminium Bi-Fold Doors

sleek style,
solid design

PVCu Bi-Fold Doors

Sleek Style, Solid Design

Bi-folding doors glide open to seamlessly join inside and outside space.

Flood any room with natural light and, in just a couple of seconds, open up for extra space and the feel of a cool summer breeze.

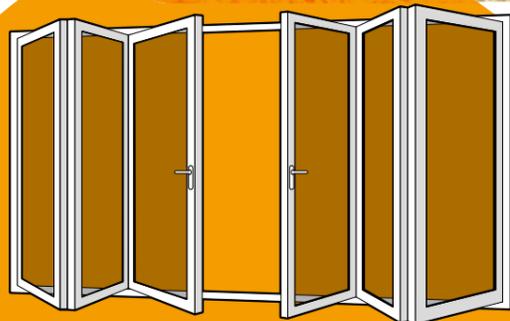

The addition of a bi-fold door can completely transform a living space - their flexible nature mean they can be fully opened, partially opened, or totally closed depending on the space available and, naturally, on what the weather's like. Versatile and aesthetically pleasing, our bi-fold doors are the perfect replacement for existing patio or French doors to flood any room with natural light.

All of our bi-fold doors are designed with slim contemporary lines and hidden gearing. Sophisticated hardware has never looked so sleek and stylish.

The Benefits Of PVCu Bi-Fold Doors

It's not just about beauty. The PVCu bi-fold doors utilise industry leading technology that gives you - and your home - the absolute cutting edge in looks, weathering, and security. Our bi-fold doors are the full package - excellence both inside and out.

- Shootbolt locking for all doors and 3 hook locking to master door
- A Rated energy efficient performance
- Double and triple glazed options
- Choose from 2 to 6 door panels
- All manufactured hardware achieves Secure By Design

“Bi-fold doors are the perfect way to bring sunlight and warmth into your home.”

Aluminium Bi-Fold Doors Innovative and Visually Stunning

The stylish, secure and versatile solution to transform your home.

It's not just about beauty. The aluminium bi-fold doors utilise industry leading technology that gives you - and your home - the absolute cutting edge in looks, weathering, and security. Our bi-fold doors are the full package - excellence both inside and out.

High Performing, Energy Efficient
 Modern designs for modern times - the absolute latest in purpose design using high performing materials.
 Whether it's a drizzly winter's evening or a July heatwave, the bi-fold doors will keep you comfortable, while saving money on your energy bills. Every inch of the door, from the frame through to the glass pane, is designed to maximise efficiency, and ensure that your home lets in natural light, without letting heat escape.
 Our aluminium bi-fold doors combine the very best materials with high performing double and triple glazed glass units for the complete energy efficient solution.

Secured by Design

Official Police Security Initiative

High Security Performance

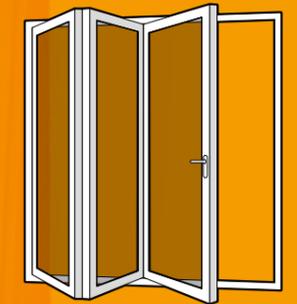

Nothing matters more to a homeowner than security. Using the latest technology, the bi-fold doors ensure that you and your family's safety is never in question.

Peace of Mind

All of our doors use shootbolt locking features, with 3 hook locking and latch for all master doors. The security doesn't compromise the bi-fold doors' sleek design though - all the locking systems are enclosed within the PVCu/aluminium casing, maintaining the pleasant aesthetic and keeping the mechanism away from interference. All hardware is approved as Secured By Design, offering peace of mind and safety for you and your home.

Security Features

- Shootbolt locking for all doors
- 3 hook locking to master door
- One piece keeps
- Rollers protected within outer frame
- All manufactured hardware achieves Secure By Design

“All hardware is approved as Secured By Design, offering peace of mind and safety for you and your home.”

Your Bi-Fold Door Options

We want to give you as much choice of styles as possible, and with so much to choose from we want to make it as easy as possible for you to get the right door for you.

To do this we have segmented the Bi-Fold door styles and options into 3 sections - Flush door, master door and concertina door.

Bi-Fold Doors Sizes

The table below gives minimum and maximum size limitations for each Bi-Fold Door style.

Width (mm)	Door Styles														
	Flush		Master Door								Concertina Door				
	1-1-0	2-1-1	3-3-0	3-2-1	4-3-1	5-5-0	5-4-1	5-3-2	6-5-1	6-3-3	2-2-0	4-4-0	4-2-2	6-6-0	6-4-2
MIN.	750	1212	1670	1734	2192	2714	2778	2778	3236	3236	1212	2256	2319	3300	3363
MAX.	1100	1800	3738	3618	4952	6164	5913	5913	6176	6176	2466	4761	4824	5855	5926

NOTE: Minimum height of all doors is 1800mm with a maximum height of 2460mm.

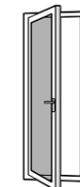

Flush Door Options

Our Flush single and double doors have been designed to suite perfectly with our traditional Flush casement windows.

	Black 9005		Dark Grey 7016
	Slate Grey 7015		Cream 9001
	White 9016		Black on White
	7016 Dark Grey on White		

PVCu

A complete range of solid and woodgrain foils to choose from. All designed to offer a comprehensive range of traditional and contemporary finishes to suit your home and lifestyle. All foil finishes are available on one or both faces of the bi-fold door.

	White 9010		Cream 9001
	Light Grey 7001		Slate Grey 7015
	Anthracite Grey 7016		Black/Brown 8022
	Chartwell Green 7038		Agate Grey 7038
	Irish Oak 8017		Antique Teak 8017
	Golden Oak 8003		Mahogany 8017
	Rosewood 8017		Anthracite Grey On White

Ancillary Options

We have a range of thresholds designed to suit your lifestyle needs, offering integrated roller tracks, thermal performance and available in extensive colour range.

Low Threshold*

30mm high, our low threshold provides a minimal height while maintaining performance.

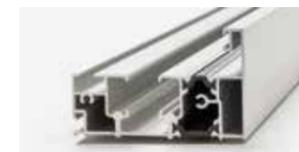

Our low threshold can also be used as a room divider when sunken into the floor, allowing the door to seamlessly join with the rest of the room.

Low Threshold

Rebated 52mm Threshold*

Our standard threshold, offering exceptional weather performance with a 52mm upstand.

Rebated 52mm Threshold

Standard 68mm Threshold

Standard 68mm rebated threshold offers superb weather performance and is available in all 7 colour options for seamless aesthetics.

Standard 68mm Threshold

* Available in silver and black anodised finishes.

Aluminium Cills

160mm Cill

160mm cill only available in silver and black anodised finish.

150mm Double Skin Cill

150mm cill only available in all solid colour options.

15mm Add-On

Available in all 7 colour options, recommended when doors require trickle ventilation, ideal for maintaining sightlines.

Your Hardware Your Way

No matter what configuration you decide on, we have a range of suited hardware that will be perfect for you. Whatever style you've decided on for your home, there's a perfect option waiting for you.

Securifold Master Door Handle

Gold

The clever design of the securifold handle allows the lever to fold down vertically when not in use and locate snugly against the backplate. An additional benefit is that the lever cannot be seen through the glass when the doors are closed so they do not impair the view.
